

***Poultry Science Association
No-Show Abstract Presentation Policy***

This policy regards authors who do not attend (in-person or virtual) the PSA Annual Meeting or Conference and, as a result, fail to present their submitted abstract.

- *If an author (or a co-author) fails to present an abstract (oral or poster), the presenting author will be limited to (1) abstract submission for the next Annual Meeting or Conference.*
- *If the presenting author (or a co-author) fails to present the abstract in the following year, the author will not be allowed to submit an abstract for the following meeting or conference.*
- *Future submissions will be based on the author's attendance at the meeting or conference before they can submit another abstract.*
